TIA MAN:

"AMERICA'S SAFETY
SUPERHERO!"

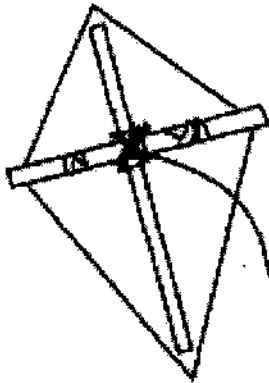

Hello! I'm TIA Man, and I want to show you how to be Fire Safe!

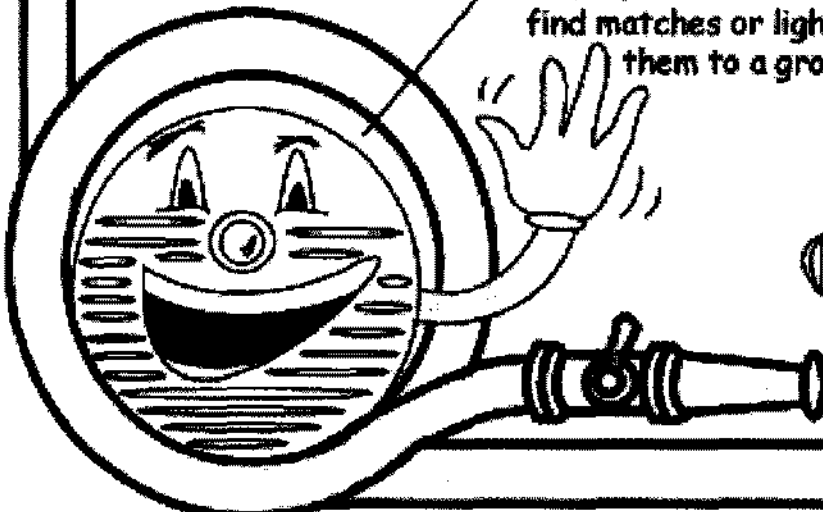

Fire is NOT a toy!

Circle in RED the things that only grown-ups should touch.

Circle in BLUE what you can touch.

Hey kids! Remember fire is no fun, IT BURNS! So if you find matches or lighters give them to a grown-up.

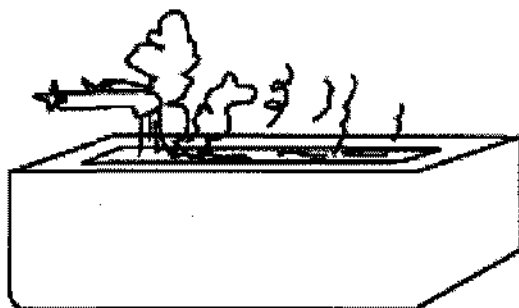

If you find matches, tell a grown-up where they are.

What's Hot! What's Not!

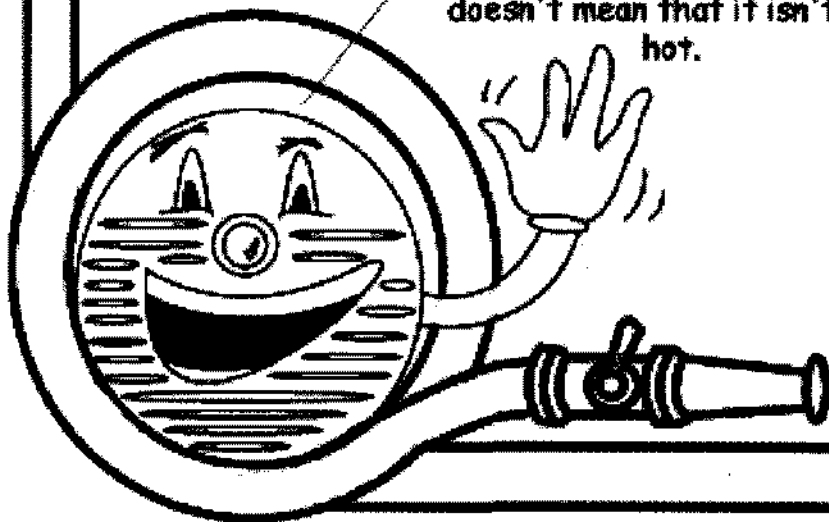

Circle things
that are hot
in RED.

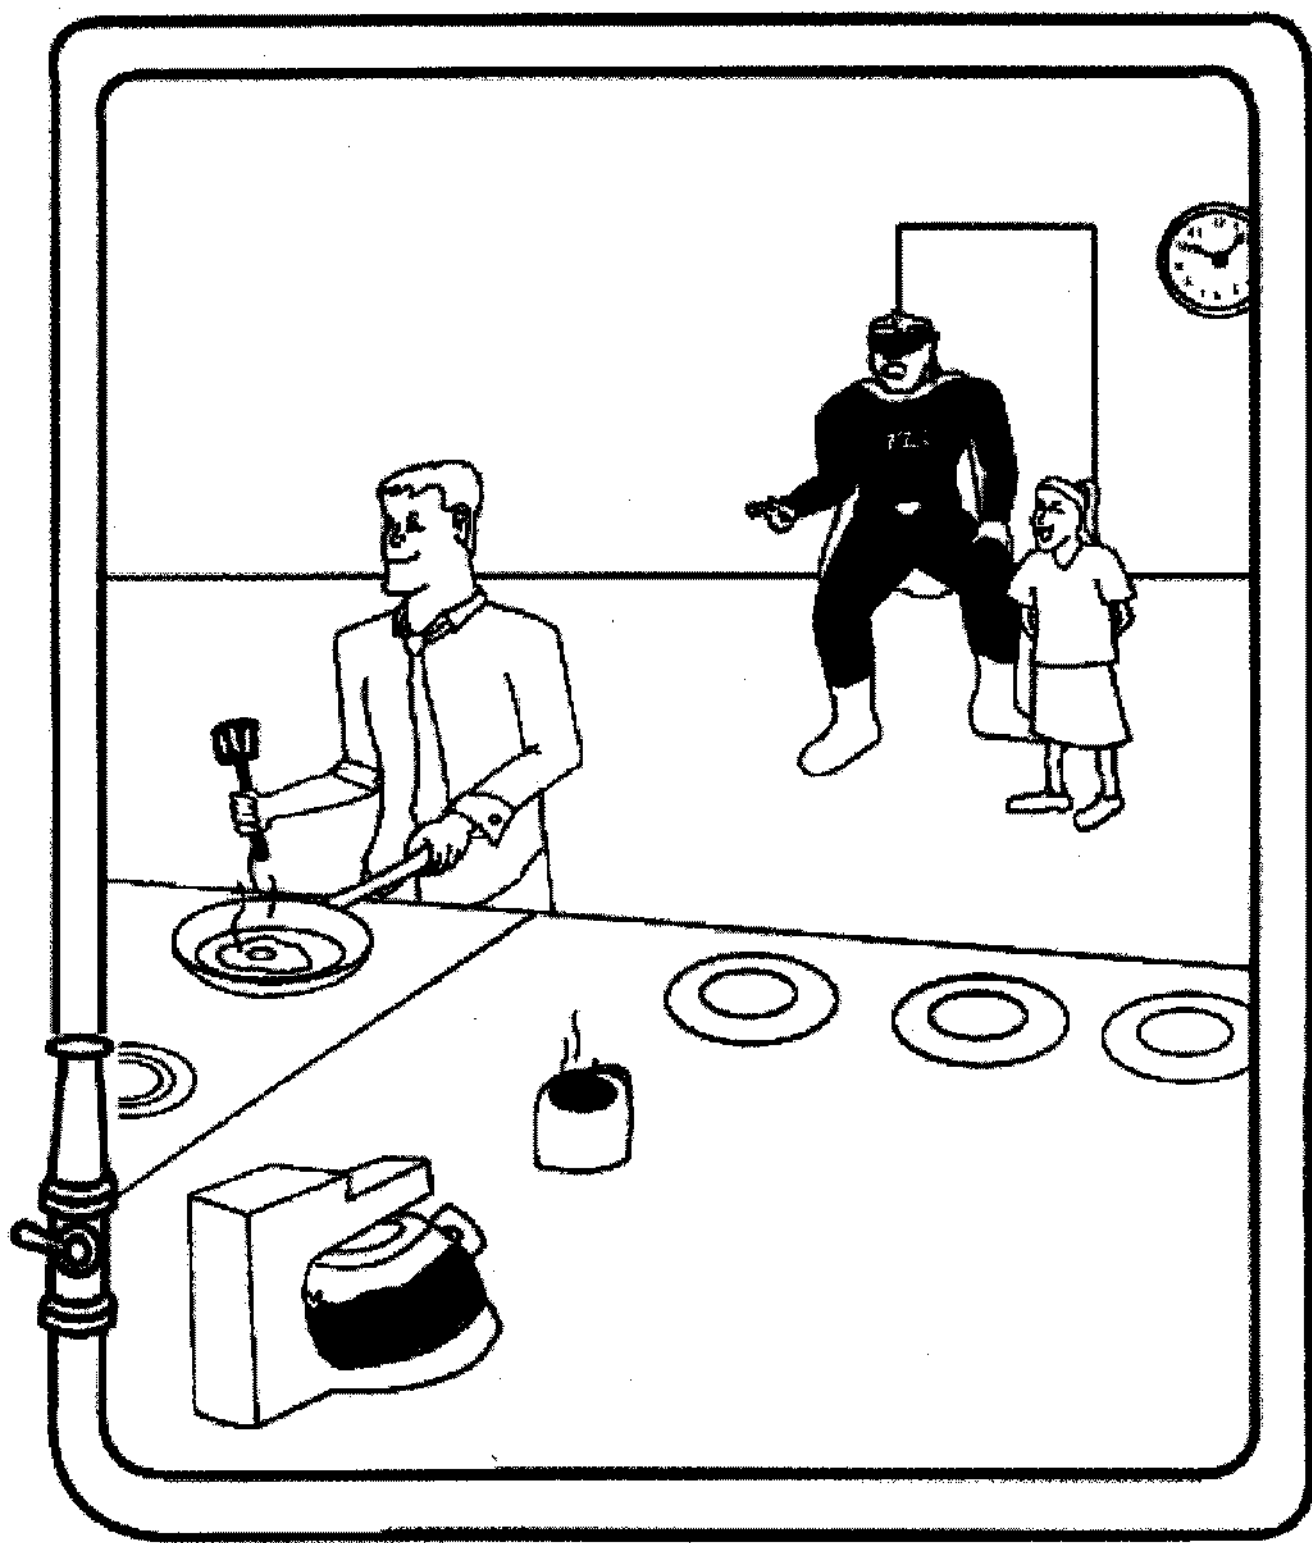

Circle things
that are cool
in BLUE.

Don't forget kids, just
because there's not a fire
doesn't mean that it isn't
hot.

Stay safe and let a grown-up cook.

STOP! DROP! and ROLL!

STOP

- running makes the fire worse

DROP

- to the floor

ROLL

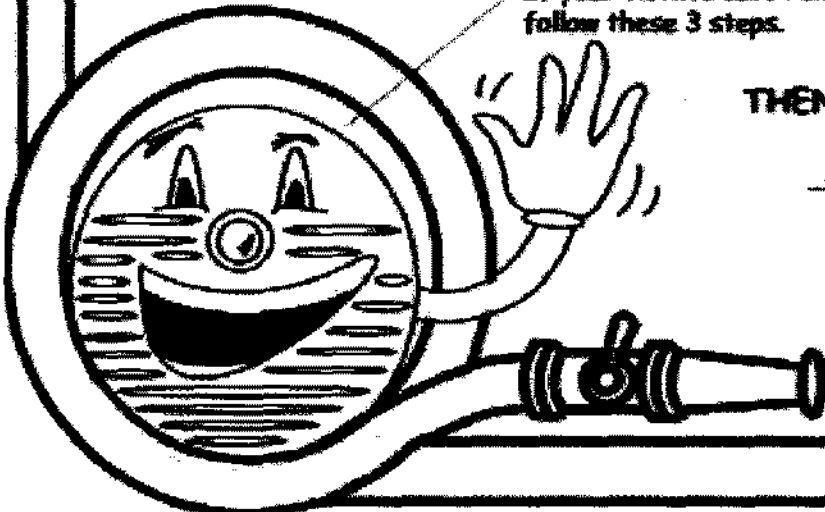

- back and forth covering your face with your hands. This puts the fire out.

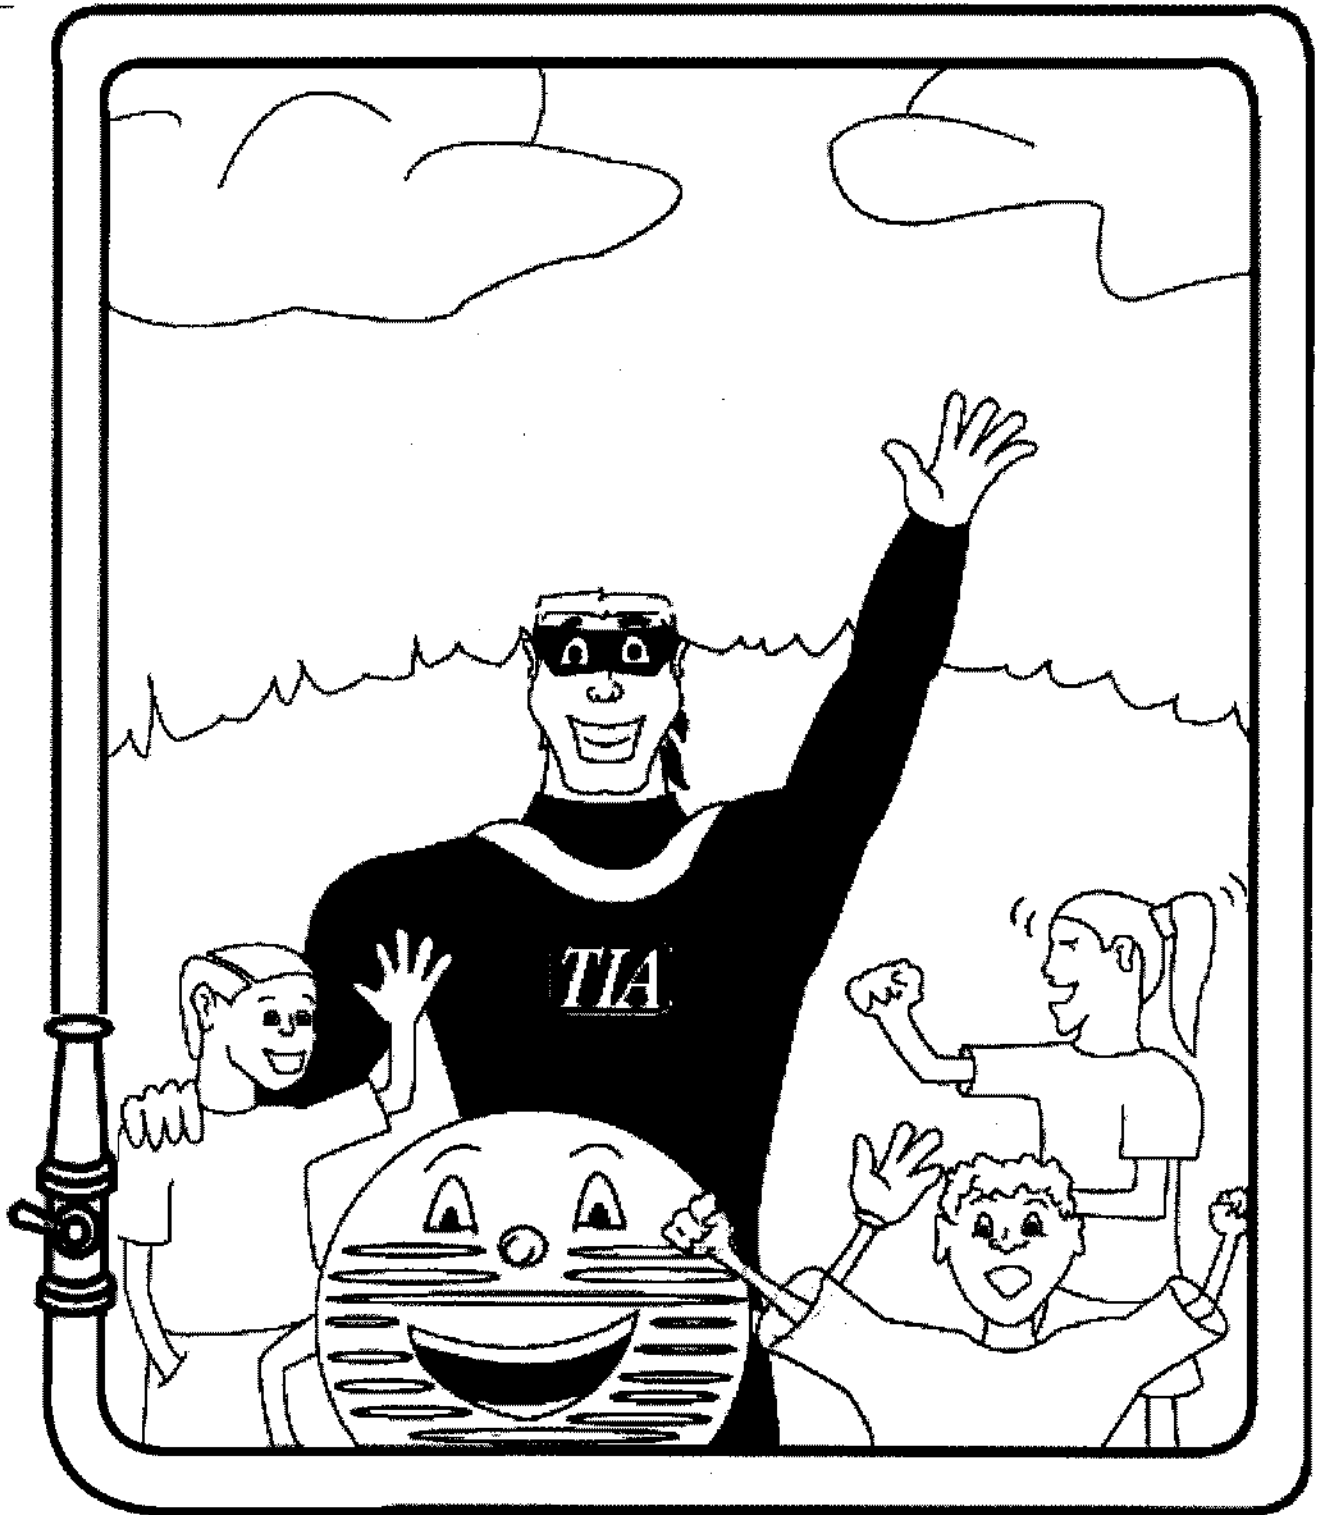

If your clothes catch on fire, follow these 3 steps.

THEN...

...Once the fire's out:
-cool the burn with water.
-then, call for help.

Thank You for being fire safe!
